

Keep up to date on all ABARES events by subscribing to the ABARES Events newsletter

Outlook conference

ABARES Outlook conferences have been informing and shaping Australian agriculture's policy agenda for more than 50 years, bringing together government figures, industry leaders, policymakers and expert researchers.

Planning for the 2027 Outlook Conference is underway. [Contact us](#) to explore partnership opportunities or get notified as soon as registration opens.

Find out more on the [official conference website](#).

Science and Innovation Awards

The Science and Innovation Awards concluded in 2023.

Visit the [Science and Innovation Awards](#) page for more information.
