

ABARES was commissioned by the NSW Department of Primary Industries to deliver an independent report on NSW rice vesting arrangements to the NSW Minister for Agriculture by 30 May 2023.

The report considered the issues raised in the NSW 2021 Rice Vesting Review (the 2021 Review) and made recommendations to the NSW Government on future regulatory and governance arrangements for the NSW rice industry.

A series of public stakeholder engagement sessions were held in 2023, with written submissions closing on 2 March 2023.

The NSW Government published the ABARES NSW Rice Vesting Review and its response on the [NSW Department of Primary Industries website](#) on 8 April 2024.
