

The Australian Government provided \$20 million for the Regional Agricultural Show Development Program.

This grant program provided support to show societies and their state and territory peak bodies for the maintenance and upgrade of existing infrastructure and the building, purchasing and construction of new infrastructure related to the running of an agricultural show on a showground.

Following an independent selection process, 122 successful grants were awarded in May 2020.

The grant program has closed.

Full details of grants awarded can be found on [GrantConnect](#).
