

Project description

This project improved serological testing capability for ASF in Australia by harmonising quality assurance processes. It also established robust testing capability throughout the Laboratories for Emergency Animal Disease Diagnostic and Response (LEADDR) network.

Project Lead: Department of Agriculture, Fisheries and Forestry

Project Contact: animalhealthlaboratories@aff.gov.au

Project Status: Complete

Objective alignment:

- 2 – Improve Australia’s surveillance and diagnostic capacity for animal pests and diseases.

Activity alignment:

- 2.1 – Implement actions under National Animal Health Surveillance Business Plan and National Animal Health Diagnostic Business Plan.
