

Overview

The AUSVETPLAN Management manual: Laboratory preparedness has been updated by the AUSVETPLAN technical writing group. It also has support from the Laboratories for Emergency Animal Disease Diagnosis and Response network and the Subcommittee on Animal Health Laboratory Standards.

The manual was endorsed by Animal Health Committee in April 2024 and published on the Animal Health Australia website.

Project Lead: Animal Health Australia

Project Contact: aha@animalhealthaustralia.com.au

Project Status: Complete

Objective alignment:

- 2 – Improve Australia’s surveillance and diagnostic capacity and capability for animal pests and diseases.

Activity alignment:

- 2.1 – Implement actions under National Animal Health Surveillance Business Plan and National Animal Health Diagnostic Business Plan.
