

The Australian Biosecurity Genomic Database for notifiable terrestrial animal viruses, and Antimicrobial Resistance projects aligned to Animalplan

On 30 April 2024, we hosted a webinar about two projects aligned with Animalplan.

Host: Dr Kylie Hewson, Chair of the Animalplan Steering Committee

Presenters:

- Dr Jana Batovska, Research Scientist with Agriculture Victoria, on the Australian Biosecurity Genomic Database for notifiable terrestrial animal viruses.
- Dr Peter Coombe, Coombe Consulting, on Antimicrobial Resistance projects aligned to Animalplan.
