

Animalplan - how research ideas become projects to strengthen production animal health and biosecurity systems

On 28 October 2024, we hosted a webinar providing a high-level overview of the process for research ideas to be realised into projects that align with Animalplan. This included how biosecurity work and projects that align with Animalplan are prioritised and progressed.

Host: Dr Kylie Hewson, Chair of the Animalplan Steering Committee

Presenters:

- Dr Kylie Hewson, Chair of the Animalplan Steering Committee, on the Animalplan process and a case study of an Antimicrobial Stewardship project,
- Dr Mark Cozens, General Manager Emergency Preparedness, Animal Health and Biosecurity, on the role of Animal Health Australia (AHA) including AUSVETPLAN and the Emergency Animal Disease Response Agreement (EADRA),
- Dr Annette Dougall, Senior Policy Officer from the Department of Agriculture, Fisheries and Forestry (DAFF), on the progress of the National Animal Health Diagnostics Business Plan,
- Mrs Tanya Pittard, General Manager Policy and Industry Relations for Australian Pork Ltd, and Dr Rebecca Morrison, General Manager Research and Innovation for Australian Pork Ltd, on a Rural Research and Development Corporation's (RDC) process for project prioritisation and investment.
