

In those cases where egg and egg products have been exported from Australia, and are now returning to Australia, quarantine requirements must be met and as such the

department's Animal and Biological Imports Branch (ABIB) in Canberra must be contacted.

It is imperative that ABIB are contacted before the product reaches Australia.

Contact details for the Animal and Biological Imports Branch

Address:

Animal and Biological Imports Branch

GPO Box 858

Canberra ACT 2601

Phone: 1800 900 090

Email: [Imports](#)
