

Improving access to imported food safety requirements

Imported food safety requirements are now included in the [Biosecurity Import Conditions system \(BICON\)](#).

See more about the [Inclusion of food safety requirements in BICON](#).

All biosecurity requirements must be met before [Imported Food Inspection Scheme](#) requirements apply.

Check our [Biosecurity Import Conditions system \(BICON\)](#) for biosecurity import conditions.

Food type

Hemp seeds and hemp seed products must be from low THC Cannabis sativa and include:

- seeds
- seed powder or flour
- oil.

Exclusions

Food from [New Zealand](#).

Inspection and testing

This food is classified as a [surveillance food](#).

We refer consignments for analytical testing at the rate of 5%. During inspection we will also conduct a visual and label assessment.

Table 1 shows the food type, tests that will be applied and permitted results.

Table 1, Food type, tests applied and permitted result

Food type	Test applied	Permitted result
Hemp seed, hemp seed powder/flour	Total THC	Less than or equal to 5 mg/kg
Hemp seed oil	Total THC	Less than or equal to 10 mg/kg
Hemp seed, hemp oil, hemp seed powder/flour	Cannabidiol	Less than or equal to 75 mg/kg
