

This page contains holding orders and revocations for food imports for the previous 2 reporting years.

Holding orders for failing food

We apply a holding order for imported food:

- that has failed inspection. See [failing food reports](#).
- if there are reasonable grounds for believing the food would fail an inspection.

We ensure future consignments of this food are inspected under the [Imported Food Inspection Scheme \(IFIS\)](#).

Holding orders apply until the basis for the holding order no longer applies or when there have been 5 consecutive passes demonstrating a history of compliance.

Previous holding orders

These tables show holding orders we've applied in the previous 2 years.

If you wish to view holding orders that are older than 2 years, please contact Imported Food at foodimp@aff.gov.au.

Revocations for failing food

We revoke holding orders on failing food when the circumstances specified for revocation have been met.

Previous revocations

These tables show revocations we've applied in the previous 2 years.

If you wish to view revocations that are older than 2 years, please contact Imported Food at foodimp@aff.gov.au.
