

Do you want to join our team of Junior Biosecurity Officers? You took the first step. Well done!

How to be a Junior Biosecurity Officer

Look out for pests or diseases in food, gifts, mail, luggage, or other items! Tell your family and friends if you see anything.

Frankie is our biosecurity detector dog in training. Join Frankie to learn about biosecurity and how you can become a Junior Biosecurity Officer.

There are lots of fun activities to do!

Playing cards

These fun playing cards will teach you about biosecurity pest and disease threats.
