

This list is referenced in sections 13, 42, and 55 of the [Biosecurity \(Conditionally Non-prohibited Goods\) Determination 2021](#) (Goods Determination).

The Goods Determination requires that goods included in certain classes of goods, and that are the subject of an import declaration, must not be brought or imported into Australian territory unless a [Biosecurity Preparedness Plan](#) to manage the biosecurity risks associated with bringing or importing goods of a relevant class (or goods including goods of that class) into Australian territory is listed in the List of Biosecurity Preparedness Plans, and is ordinarily accessible through the Department of Agriculture's website.

List of Biosecurity Preparedness Plans effective as of 6 April 2021

Sections 13, 42, and 55 of the Goods Determination specify that goods included in certain classes of goods, and that are the subject of an import declaration, must not be brought or imported into Australian territory unless a relevant [Biosecurity Preparedness Plan](#) is listed in the List of Biosecurity Preparedness Plans, and that Plan is ordinarily accessible through the Department of Agriculture's website.

A relevant [Biosecurity Preparedness Plan](#) is a plan to manage the biosecurity risks associated with bringing or importing a class of goods, or goods including goods of that class, into Australian territory.

The [Biosecurity Preparedness Plans](#) are as follows:

Pest/disease	Classes of goods	Relevant Biosecurity Preparedness Plans
Animal diseases, including but not limited to:	Specified classes of goods in Divisions 1 and 2 of Part 2 of the Biosecurity (Conditionally Non-prohibited Goods) Determination 2021 .	
Aquatic animal diseases, including but not limited to:	Specified classes of goods in Divisions 1 and 2 of Part 2 of the Biosecurity (Conditionally Non-prohibited Goods) Determination 2021 .	
Environmental pests and diseases, including but not limited to:	Specified classes of goods in Divisions 1 and 2 of Part 2 of the Biosecurity (Conditionally Non-prohibited Goods) Determination 2021 .	
Hitchhiker pests and contaminants ¹ , including but not limited to:	Specified classes of goods in Divisions 1, 2 and 3 of Part 2 of the Biosecurity (Conditionally Non-prohibited Goods) Determination 2021 .	

Plant pests, including but not limited to:

Specified classes of goods in Divisions 1 and 2 of Part 2 of the [Biosecurity \(Conditionally Non-prohibited Goods\) Determination 2021](#).

¹ Note, hitchhiker pests and contaminants may also include pests and diseases listed in other categories, depending on their impact (animal health, plant health and/or environmental) and host (plant or animal) association.
