

This page provides access to resources from previous National Biosecurity Forums.

The forum brings together key biosecurity stakeholders to discuss challenges, opportunities and innovation, hear about efforts to prepare for, prevent, respond to and recover from pests and diseases, and strengthen and expand partnerships.

2023 forum

The 2023 forum was held on 5 April 2023.

It focused on:

- stronger partnerships and a shared biosecurity culture
- new opportunities and challenges
- natural pathways and invasive species
- integration supported by technology, research and data.
