

The Department of Agriculture, Fisheries and Forestry (DAFF) participates in the Australian Government Data and Digital Cadet Program, providing an opportunity for university students to start their career in the Australian Public Service (APS) while completing their studies.

The Data and Digital Cadet Program is open to students who have completed at least one year of an undergraduate bachelor's degree (or equivalent) in a data or digital related field. It's a fantastic opportunity for university students to gain practical experience while continuing their studies.

The program is coordinated by the [Australian Public Service Commission \(APSC\)](#).

At DAFF we work to:

- Protect Australia's natural resources
- Develop strong agricultural industries
- Deliver policies and programs for a strong economy

About the program

The program can run for up to 3 years. During this time, you will:

- Receive a paid salary
- Complete your studies while building a career within the APS
- Apply your data or digital skills to contribute meaningfully and make a real impact

Throughout the duration of the program, our cadets have the opportunity to work across various digital and data focused business areas within the department.

As a cadet, you will benefit from a generous study allowance to support your university expenses, while working a minimum of 2 days per week with flexible arrangements to accommodate your academic schedule.

Benefits

Benefits of our data and digital pathways include:

Comprehensive support and networking - Benefit from a dedicated support team, and access to the department's entry programs and data and digital networks.

Dynamic and collaborative - Engage as a valued member of a team in a dynamic and collaborative environment, while gaining valuable experience working alongside and learning from experts in their respective fields.

Competitive benefits and flexibility - Enjoy a competitive remuneration package, learning and development program and flexible work arrangements, ensuring a balanced and rewarding work-life experience.

For more information on the department's workplace conditions, refer to our [Enterprise Agreement](#).

Location

Our Data and Digital Cadet program provide opportunities across various locations in Australia including:

- ACT: Canberra
- NSW: Sydney
- QLD: Brisbane
- VIC: Melbourne

Eligibility

- Be an Australian citizen
- Undergo a police check
- Obtain and maintain a valid Australian Government security clearance
- Currently studying an undergraduate or postgraduate degree in a data or digital field

How to apply

Applications for the 2027 Data and Digital Cadet Program have closed.

To start your career with us, be sure to nominate the Department of Agriculture, Fisheries and Forestry as your preferred agency.
