Submission received

Public submissions were sought from interested parties between Friday 28 September and Friday 26 October 2012. Submissions to the review have been made available here as far as possible.

In addition to the submissions made by the entities listed below, the review received a large volume of short emails from individuals containing the same or substantially similar content as was contained on a private webpage the review understood was established to facilitate contributions. This correspondence is not included in the list of submissions below but was logged as part of the review process.

Submissions are grouped below alphabetically by entity name or surname in the case of an individual.
