

If you are affected by a recent natural disaster or COVID-19, we appreciate that you may find it difficult to submit returns or pay outstanding debts on time.

Contact your regional levy office (details below) if you are concerned about meeting deadlines or incurring penalties.

We will assess each request for additional time to lodge returns or deal with outstanding payments. Repayment agreements will be established where appropriate.

You will still receive regular email reminders and, where possible, we ask you to submit your returns on time.

We extend our support to all those who have been affected, their families and communities.
